

HOW'S ERIK?

Erik is a tall, thin man. He has dark, long hair and wears a mask to cover his face. His skin is yellowish and with his clothes is a bit scary. Under his mask he has two green eyes and the rest of his face is deformed as a result of some acid that was spilt there, so it seems like a skull.

Erik is a bit shy and very possessive; he likes to make his own rules and wants everybody to follow them. When someone does anything that bothers him he gets very angry and goes to punish him, very often he kills people or puts people's lives in danger. He is in love with Christine and he doesn't want anyone to be near her.
